

# Letter of undertaking

Dear Leaders and Colleagues,

As a Junior Data Science Analyst, I pledge to:

1. Continuously learn and improve: I will constantly acquire and master new data science skills and tools to enhance my abilities and contribute to the team's development and business growth.
2. Adhere to data protection policies: I will strictly comply with the company's data protection policies to safeguard the security and privacy of the company and our clients' data.
3. Efficiently complete assigned tasks: I will approach every task assigned to me with a high level of responsibility, complete it diligently and efficiently, and report regularly to the team on progress and results.
4. Communicate and collaborate effectively: I will actively participate in team discussions and exchanges, leverage my teamwork skills to work closely with team members and accomplish our shared goals.
5. Continuously optimize and improve: I will reflect on and analyze completed work, continuously optimize and improve workflows and methodologies to enhance work efficiency and quality.
6. Ensure data accuracy and integrity: I will ensure the accuracy and integrity of data through the use of proper data validation and verification techniques.
7. Foster a culture of innovation: I will encourage and foster a culture of innovation by exploring new and creative ways to approach tasks and projects.
8. Strive for excellence: I will always strive for excellence in everything I do, exceeding expectations and delivering outstanding results.
9. Be accountable and responsible: I will take full ownership of my work, be accountable for my actions and decisions, and maintain a high level of professionalism at all times.
10. Embrace feedback and continuous improvement: I will welcome constructive feedback, actively seek to improve my skills and performance, and use feedback as an opportunity for growth and development.

I recognize the great responsibility and mission as a Junior Data Science Analyst. I will adhere to these commitments and work diligently to contribute to the company's success and meet the expectations of our clients. Thank you.

Promisor: ZHANG YU
